I want to be independent, but I want to be cared for and have someone to go home. If I am under discussion with the unrealistic standards of beauty women, I shouldn't have a secret affection for fashion and smooth calves, right? I don't know anything about cars. If you want to be with an asshole, take a new asshole. Still, I endured nonsense from unsuitable men even if I know better and I can do better. So I feel guilty because sisterhood would not have approved. If you are still in the broken phase, do what you need to do. 12 If a friend sends an e-mail e-mail that needs reassurance on love, life, family or work, respond accordingly and in a timely manner, too If it's just doing 'girl, I feel you. " If a friend sends you 30 and -mail crazy who need reassurance on the same damned shit, be patient, because one day this will be to tear Gmail with your drama. 13 The favorite saying of my mother is: "Here if Resemble S'Assemblée ". Whenever I did not approve with who I was spending time, she said it threateningly. It essentially means, six of you surround yourself. I write blogposts on the meals I cook while I try to take care of myself, and with every new voice I realize that I am strangling after years of allowing myself to remain damaged. I'm not failing as a feminist. My success, so as it is, should be enough if I am a good feminist. Never say "never men" or, "I never spent", because you are lying. 5 And love your friends's children even if you don't want or you like children. I want to be strong and professional, but I refrain from how much I have to work to be taken seriously, to receive a fraction of the consideration that I could otherwise receive. I'm not proud of it. The finesse makes a long way. 6þ these conversations are more fun if preceded by an emphatic "girl". 7 surround yourself with women who can become drunk with, who does not draw stupid things on your face if you empty and those who help you throw up if you are excessive, and those who tell you even if you get too drunk or behave badly when you are drunk. 8 Do not flirt, have sex or engage in emotional affairs with the other significant of your friends. I bought these myths even if, intellectually, I know better. People respect me and take my advice. We don't need to add up that each person had more. I'm sorry to judge. 4 Sometimes, your friends will come out with the people you can't bear. I said that my favorite color was black to be cool, but it is pink - all the shades of pink. If you are rolling up, take everyone and rotate who treats them. I am a fan of orgasms, but take time and in many cases I don't want to spend that time. Freely accepting the feminist label would not be right for good feminists. More I write, more I put myself out in the world like a bad feminist but, I hope, a good woman - I am open on who I am and who I was and where I launched and who I would like to become. I cannot and I will not deny the importance and absolute need of feminism. This is just common sense. 10 When something is wrong and you have to talk to your friends and they ask how you are, don't say "well". They know that you are lying and irritates them, and a lot of time is wasted with the back and forth of "Are you sure?" And yes? "And" and "really?" And "I'm fine." I "truth to your friends so that you can speak it and get the pound The account evenly four ways. Once, my best friend told me to my love life and asked for an action plan, and A " was irritating but also useful.6A useful.6A rof snosaer doog era ereht ,sgníht fo egrahc ní ma i i ,thguarf íyesnetní Swawla dna dna Elgíarf ,Suoiruc in Spíhísdíneír elamef gnísigolohým ot revó nevíg 2.the xif roí Edígann dna yíhw ía kool ,sdíneír íseíolc ruoy eb ot díesoppus era ohw nemow eht sdíawot evítateþmoc ro cixíxot ,yíhcíve gníleef uoy uoyícaríht scítísam scítís sceníf sceníf sceníf Evítateþmoc ro cixíxot ro sehCTBT '1era nemow yos of íon síht a'1ymaíavokíís aneíla ,þpírgotóþ ,nwoð nemow wols of ngísed tub yíteþp ,áéáéí A ,desdíni ,ma í lí ,netfo os tuo meht ílac ot ot obah '1ndílow í nemow íaert woh íuoba retíeb eh d'yóht íhsíw íylísom í dna Era sdíneír ruoy íhoof ruoy ton s'1 ,em seffítrom síht ,níaga ísgel y y evahs í ísesseríd íxam íf snoiní PO EYEH I ,T'nod í tub ,meht deteþeþ í sraey rof ,DOOG NWO neht rof íyíbaborp s'1tí tub ,the íuoba desíg teg teg yeht . Not enough. When I take my car to the mechanic, they speak a foreign language. This kind of thinking keeps me awake at night, but I pretend it doesn't because I should be evolved. If your man or woman is a scrub, you just own it so that you and your friends can talk about more interesting things. They're plentiful.9 Don't let your friends buy bad clothes or accessories that you don't want to watch when you go out. This Á " an excerpt edited by Bad Feminist: Essays, by Roxane Gay, published by Constable & Robinson at Á£12.99. Stop reading that encourages this mythology.3 If you are the type of woman who says "I am mostly'1 friends with boys" and behaves as if you were proud of that, as that makes you closer to being a man or something. And less a woman, as if being a woman was a bad thing, see Article 1B. I worry about dying alone, unmarried and childless, because I have spent so much time pursuing my career and accumulating degrees. I'm not even sure what sorority is, but the idea of a sorority threatens me, silently, reminding me of how bad I am a feminist. I love children and I want to have one. We're adults now. Too often I don't like the guy much enough to explain the calculation of my wish. I love diamonds and excess weddings. I am willing to make some compromises (not sacrifices) to do so - that is, maternity leave  and slowing down on work to spend more time'1 with my son, writing less, so I can be more present in my life. For what it took so long I said that I was not this woman - completely human and imperfect. imperfect.
